## From the Class Teachers' Desk

**“The more that you read, the more things you will know, the more that you learn, the more places you’ll go.” - Dr. Seuss**

Dear Parents,

Warm Greetings from DPS Electronic City!

The month of November was a productive and joyous period for our school, marked by various cultural, educational, and recreational events. Karnataka Rajyotsava, also known as Kannada Rajyotsava, was celebrated with great enthusiasm and patriotic fervour in our school on 1st November 2025.

Children’s Day was celebrated with great joy and excitement on 14<sup>th</sup> November to honour the birth anniversary of Pandit Jawaharlal Nehru. Teachers organised and performed various entertaining events for the students, which brought smiles and laughter all around.

“Chiguru”, an Inter-School Kannada Competition, was hosted to promote a love for the Kannada language and culture among students, and witnessed enthusiastic participation from different schools across the district.

Assessment is an integral part of teaching and learning. December, the month that starts with Assessment 3 for classes I and II, Pre Annual Exam for classes III to XI and Pre-board exam for X and XII, include academic performance to track strengths, identify areas for improvement, and guide future learning. It provides valuable feedback for both students and teachers, helping them understand progress and improve learning outcomes.

All India General Knowledge Olympiad is a prestigious annual competition by SOF for students in classes 1-10, testing their general knowledge, and will be conducted on 12<sup>th</sup> December.

Celebrations create a joyful atmosphere and encourage a sense of togetherness among students and staff. The arrival of Santa Claus is a highlight for Christmas celebrations, often accompanied by music, dance, and the distribution of gifts. Students and teachers decorate classrooms and the school with Christmas trees, stars, bells, and other festive items. A Special Assembly will be conducted in the school on this occasion. A skit will be performed by students, which tells a simplified story of the Christmas spirit of giving and togetherness.

As the Christmas break approaches, it’s wonderful to see how our children have grown in confidence and skill since the start of the school year. They take pride in their achievements and always strive to do their best.

**Learning Never Stops, Winning Follows!**

Warm Regards,

Class Teacher

## PORTIONS for DECEMBER 2025

| Subject             | Portion                                                 |
|---------------------|---------------------------------------------------------|

## Parenting Tip

**“The most successful people are those who are good at Plan B.” – James York**

Helping your child develop flexibility is one of the most valuable gifts you can offer for their personal growth and resilience. By fostering adaptability early in life, you prepare them to face challenges with a positive mindset and an open heart. Here are some effective strategies to encourage flexibility in your child:

**Be a Role Model** – Children often imitate their parents. Show them how you adjust to change and tackle unexpected situations with a calm and solution-focused attitude. Let them see that flexibility is a strength.

**Acknowledge and Praise Efforts** – Recognize moments when your child demonstrates adaptable behavior. Positive reinforcement encourages them to continue embracing change with confidence.

**Normalize Mistakes as Learning Opportunities** – Teach your child that mistakes are part of the learning process. Help them reflect on what went wrong and how they can grow from the experience.

**Encourage Open Conversations** – Create a safe space for your child to share their thoughts and emotions. Listen actively and empathetically, helping them feel understood and supported.

**Be Patient and Consistent** – Flexibility doesn't develop overnight. Support your child through their journey with consistent encouragement, praise, and gentle guidance.

The Child Mind Institute defines flexible thinking as “the ability to think about things in a new or different way.” Children with this skill are better equipped to handle sudden changes without frustration or distress. By fostering a flexible mindset, you're helping your child approach life with creativity, resilience, and readiness to face the unexpected.

## Health Tip

"Good health is not just about avoiding illness — it's about feeling happy, energetic, and positive every day!"

As the year comes to an end and the chilly winds arrive, it's important to take extra care of our health. Not to forget, it's time to enjoy a vacation in different places with different climatic conditions. Most of the time, flu activity peaks in the month of December. The winter season can make your body prone to cold and flu. Children usually fall sick due to the season change, which leaves them feeling lethargic. Sore throat and runny nose are quite common during this season, which can lead to severe infection for which a proper course of treatment is needed. A sudden drop in temperature brings with it health issues, skin-related diseases and respiratory infections as well. Also, it's difficult to keep one hydrated enough, as the urge to drink water reduces to a certain extent.

Here come a few precautionary measures to be taken by the children during this winter:

**Keep Warm:** Wear layers of clothes to stay cozy. Don't forget your cap, socks, and scarf when stepping outside. Staying warm helps prevent colds and coughs.

**Eat Healthy Winter Foods:** Enjoy fresh fruits like oranges, guavas, and apples — they are full of Vitamin C, which keeps your immune system strong. Don't skip your vegetables and drink warm soups for energy.

**Stay Hydrated :** Even in winter, your body needs enough water. Drink warm water or herbal teas to stay hydrated and feel fresh.

**Get Enough Sleep:** Cold mornings make it tempting to stay up late, but good sleep helps your body fight germs and stay active during the day.

**Stay Active Indoors:** If it's too cold outside, try indoor exercises like stretching, yoga, or dancing to your favourite songs to keep your body moving.

December is also a season of giving. A smile, kind words, or helping someone in need can warm hearts, and that's the best kind of health!

# Testimonials

Dear ma'am,

As a parent, I am happy with the nurturing environment this school provides. The teachers are caring, patient, and dedicated to every child's growth, and my child enjoys coming to school feeling safe and supported. The school maintains a good balance between academics and extracurricular activities. This year's Children's Day celebration was especially wonderful, with fun games, cultural programs, and interactive activities that brought so much joy to the children. The effort put in by the staff was clearly visible in the smiles on their faces. Events like this help build confidence and create beautiful memories.

With Regards

Chandran .M

Parent of Hanvitha .C (I-C) & Yugan Chandran (VIII-D)

Dear Ma'am,

My son joined the school this year in standard XI and I am pleased to observe significant improvement in his confidence and overall development. I extend my heartfelt appreciation to his Class Teacher, Ms. Hena Ahmad, for her exceptional guidance and support.

I am also grateful to the Principal, Mrs. Anupama Ramachandra, and the Headmistress, Mrs. Soumya Shaji, for their constant encouragement. Additionally, I acknowledge the dedicated efforts of his teachers — Ms. Ritasha, Ms. Ranja, Ms. Jiji, and Ms. Parvathi whose support has greatly contributed to his progress.

Our experience with DPS E-City has been extremely positive, and we look forward to the school's continued guidance and support for our son .

Vipin V K

Father of Neerad Vipin,XI E

## Are you a Blogger?

We are looking for parents who would like to write for the monthly newsletter, 1 article of about 200 words per month on the same topic.

- If you're an avid reader who likes to write book reviews or recommend age appropriate books,
- A creative writer looking for audience,
- A science enthusiast who can speak about latest technologies,
- A Mathematician who can see patterns in everyday living,
- A travel explorer who can take us places,
- An astronomer who can bring the stars closer,
- A philosopher who can enlighten us with new perspectives,
- A sport enthusiast who writes about the right ways of training,
- A dance, music, cultural advocate who can educate us on the different forms of art
- A doctor who can write about the right kind and ways to take medicine or if you have an intriguing topic of interest, Kindly write to us at [magazine@dpsecity.com](mailto:magazine@dpsecity.com) with details about the topic of interest. Also include a sample article as reference. Mention your wards Name, Grade, section and admission number in the mail

**The invite is only for parents of students studying in DPS E-City. For any query please write to the Head Mistress at: [soumya.shaji@dpsecity.com](mailto:soumya.shaji@dpsecity.com) . For any query please write to the coordinators at:**
