From the Class Teachers' Desk

"Festivals and learning share the same spirit—they bring people together, kindle creativity, and inspire new beginnings."

Dear Parents,

Warm greetings from DPS Electronic City!

October arrives with a gentle change in the air – cooler evenings, golden sunsets, and the excitement of festivals and celebrations. It's a month of reflection, joy, and togetherness.

The past month has been vibrant and eventful for our school community. We celebrated **Teachers' Day**, **Janmashtami**, and **Dussehra** with great enthusiasm, honouring our educators, traditions, and the cultural values that bring us closer as a family. Academic progress has also been steady, with the **Mid-Term Examinations for Grades IV to XII** being conducted successfully. We are proud of our students for their dedication and resilience.

With the arrival of October, a spirit of festivity fills the air, bringing with it hope and fresh beginnings. This month, Delhi Public School Electronic City is excited to host and participate in a series of **Inter-school competitions—Srishti, Udbhav, and IGNIS**—that will provide our students with opportunities to showcase their creativity, talent, and leadership. Adding to the joy, we will also celebrate **Diwali** and **Grandparents' Day**, occasions that teach us the values of light, love, and gratitude, while bringing happiness to our school community. We look forward to witnessing our children embrace these celebrations with wholehearted warmth and enthusiasm.

The joy of the season also brings with it the much-awaited **Dussehra vacation**. The school will remain closed until **7th October** and will reopen on **8th October 2025**. We encourage our students to use this time meaningfully—to relax, spend time with family, and engage in activities that inspire growth and learning.

October reminds us that true learning goes beyond textbooks—it is nurtured in curiosity, creativity, and the joy of shared experiences. Let us embrace this month as a journey of discovery, celebration, and togetherness, creating memories that our children will treasure for years to come.

Warm Regards,

Class Teacher.

PORTIONS for OCTOBER 2025

Subject	Portion
ENGLISH	Literature: - On the Face of It (play) - Going Places (prose) Writing skills: - Letter of Job Application - Report Writing
MATHEMATICS	- Vector Algebra. 3D Geometry.
PHYSICS	Chapter 9: Ray Optics. Practicals: Expt 4: Focal Length of a concave mirror. Expt 5: Focal Length of a convex lens.
CHEMISTRY	Chapter 8: Aldehydes, Ketones and Carboxylic acids. Chapter 9: Amines.
BIOLOGY	Chapter 10: Biotechnology and its applications (Continued)
COMPUTER SCIENCE	Chapter 10: Computer Network
ARTIFICIAL INTELLIGENCE	Unit 6: Understanding Neural Networks.

Parenting Tip

"Behind every young child who believes in himself is a parent who believed first." - Matthew L. Jacobson

"Little hands, big impact: Teaching hygiene habits early!"

Key Parenting Tips

Lead by example: Children copy parents, so show them good hygiene habits daily.

Hand washing routine: Teach children to wash their hands before meals, after using the toilet, and after playing outside.

Brushing teeth twice daily: Make brushing fun with colourful brushes, timers, or songs.

Bathing regularly: Encourage daily baths/showers and explain why it keeps the body fresh.

Nail care: Trim your nails weekly and explain how dirt under your nails can cause infections.

Hair care: Teach them to brush/comb hair daily and wash it regularly.

Clean clothes habit: Explain the importance of wearing fresh clothes and underwear every day.

Foot hygiene: Remind them to wash their feet properly and wear clean socks.

Use of handkerchief/tissues: Teach covering the mouth while coughing/sneezing and wiping the nose properly.

Toilet hygiene: Guide them on wiping properly and flushing after use.

Face washing: Encourage washing the face after playing or eating to prevent dirt build-up.

Ear hygiene: Show them how to gently clean outer ears (not inside) with a towel after bathing.

Hydration and healthy eating: Explain that good food and water also keep the body clean inside.

Personal space items: Teach not to share combs, towels, or water bottles to prevent germs.

Make it fun: Turn hygiene tasks into games, charts, or reward systems to build consistent habits.

Healthy habits today mean a brighter, healthier tomorrow!

Health Tip

“Good health and good sense are two of life’s greatest blessings.” - Publilius Syrus

When children follow a healthy lifestyle, it also lays a strong foundation for good health in the future. Good health in children depends on several factors, such as their nutrition, hydration, sleep routine, hygiene, and physical activity. Read on as we bring you a list of tips for good health in children.

Healthy and Balanced Diet

It is essential to avoid high-sugar foods and instead focus on providing children with healthy alternatives such as fruits, vegetables, sprout salad, and homemade cookies. A simple rule is to teach your child to drink water whenever they feel thirsty instead of choosing other beverages. Avoid soda and high-sugar fruit juices; instead, offer healthier beverages. A few healthy alternatives are coconut water, low-fat, fortified cow milk, and homemade lemonade. You can also encourage your child to have whole fruit instead of fruit juices. You can balance each meal with the right amounts of food items that provide all the essential nutrients. You may break the three meals of the day into multiple small servings/portions based on your child’s preference. This method could be useful if your child is a fussy eater.

Adequate sleep

Children need adequate sleep for healthy growth, so make sure your child gets enough rest each night.

Correct posture

Encourage your child to use a study table while studying and discourage reading or writing while lying on the bed.

Good hygiene

Teach your child healthy hygiene habits, such as using a tissue while sneezing or coughing, disposing of tissues properly, and avoiding the sharing of personal items.

Encourage sports

Motivating children to participate in sports and other activities, such as cycling, is important to ensure they get at least one hour of physical activity every day.

Healthy habits in childhood last a lifetime—let’s help our children choose wisely.

Testimonials

Dear Ma'am,

I would like to extend my heartfelt appreciation to the school management, teachers, and students for organizing such a spectacular Annual Day celebration. The event was a wonderful blend of creativity, discipline, and talent. Every performance reflected the hard work and dedication of the students and the guidance of their mentors. The theme was well-chosen and beautifully executed, and it was heartwarming to see children express themselves so confidently on stage. The coordination, costumes, and stage decor were all topnotch and added to the festive atmosphere.

A special mention to the anchors and backstage team who ensured the program ran smoothly. It was evident that a lot of planning and effort went into making the event a grand success.

Thank you for giving us parents the opportunity to witness our children shine. Looking forward to many more such memorable events in the future!

Warm regards,

Shupi Chowdhury

Parent of Anshi Bhowmick (VIII-B)

Dear Anupama Ramachandra Ma'am, Co-Ordinator Ma'am and Class Teacher.

I 'have been meaning to write this note ever since the Annual Day, and even though some time has passed, the memories of that wonderful evening are still fresh with us.

I would want to appreciate the efforts put in by the school in organizing such a beautiful Annual Day. The event was truly a delight to watch, beautifully planned and very well executed.

it was such a please to see the inclusivity of all languages through the songs. The Kannada welcome song was truly heartwarming, The act were children came dressed in the attire of Yakshagana was simply mesmerizing and gave us goose bumps.

Poorvi thoroughly enjoyed being a part of her dance Stages of Grief, and as parents we felt so proud and grateful to watch our child perform with such confidence.

The School Teams dedication along with hard work from BTS to Love you Zindagi was clearly visible in every detail. Great job for creating memorable experience for the children and parents.

Looking forward for more such events next year also. Congratulations once again. Best wishes

Madhu Harshavardhan Patil.

Parents of Poorvi 8H

Are you a Blogger?

We are looking for parents who would like to write for the monthly newsletter, 1 article of about 200 words per month on the same topic.

- If you're an avid reader who likes to write book reviews or recommend age appropriate books,
- A creative writer looking for audience,
- A science enthusiast who can speak about latest technologies,
- A Mathematician who can see patterns in everyday living,
- A travel explorer who can take us places,
- An astronomer who can bring the stars closer,
- A philosopher who can enlighten us with new perspectives,
- A sport enthusiast who writes about the right ways of training,
- A dance, music, cultural advocate who can educate us on the different forms of art
- A doctor who can write about the right kind and ways to take medicine or if you have an intriguing topic of interest, Kindly write to us at magazine@dpsecity.com with details about the topic of interest. Also include a sample article as reference. Mention your wards Name, Grade, section and admission number in the mail

The invite is only for parents of students studying in DPS E-City. For any query please write to the Head Mistress at: soumya.shaji@dpsecity.com . For any query please write to the coordinators at:
